HISTORY OF CALBRIGHT COLLEGE

Calbright College was established to increase access for millions of Californians to Competency (skills-based) Training credentials and certificates which could help address the state-wide issue of income inequality. In 2018, legislation was signed and passed into law to establish the California Online Community College District, officially named Calbright College in June 2019. On October 1, 2019, Calbright opened the application process for its initial student cohort.

Calbright is the 115th California Community College, and its key program elements include:

- Competency-based instructional design
- Applied learning component provided via apprenticeship
- Ongoing, rolling enrollment throughout the term
- Flexible instruction and timelines based on student mastery of competencies
- Statewide, online certificate programs

ACCREDITATION

Calbright College is a public higher education institution authorized by the State of California. As a new college, Calbright College is **not accredited** at this time. Calbright is currently seeking accreditation through a U.S. Department of Education recognized accrediting association.

Military personnel and their dependents, military veterans, and their dependents are subject to the same criteria and regulations regarding the establishment of California residency as other nonresident students. The information provided herein refers to the assignment of California residency based on active-duty or discharged veteran status solely for the purposes of determining the tuition and fees for eligible service members, former service members and their dependents.

A student who is a member of the Armed Forces of the United States stationed in this state is entitled to resident classification only for the purpose of determining the amount of tuition and fees.

5. After expiration of the three-year period following discharge or death as described in 38 U.S.C. 3679(c), a student who initially qualifies under the applicable requirements above will maintain “covered individual” status as long as continuous enrollment is maintained (other than during regularly scheduled breaks between courses, semesters or terms) at the institution, even if they enroll in multiple programs and shall continue to be exempt from paying nonresident tuition and other fees as described in the updated fee policy described below:

- a. Students eligible for VA education benefits must provide a “Certificate of Eligibility” (COE) by the VA confirming the approved education benefits for the veteran or eligible dependent to basic educational assistance under chapters 30 and 33 of title 38, U.S. Code. APPENDICES

Academic Policies

Participation

All students are expected to have regular and substantive interaction with faculty and/or peers. Upon enrollment into a course, students are also expected to submit at least one activity within 30 days. An academic activity includes, but is not limited to, participation in an online discussion board, taking a quiz, or submitting an assignment. Students who do not submit at least one activity within 30 days of enrollment may be dropped from their course. Students are ultimately responsible for dropping a course if they are not able to complete their program pathway. Students should contact their academic advisor to request a drop form.

Grading System and Practices

In accordance with the California Education Code, and Title 5, Calbright has established a standard grading policy to determine a student's academic progress. Upon successful completion of a course, the student will receive a "P" (pass) on the student's record to indicate earned mastery in that course. A course in which an "NP" (no pass) is applied to a student's record indicates the student did not master all of the required competencies for the course.

- P – Pass: at least satisfactory, used to denote "passed with credit" when no letter grade is given.
- NP – No Pass: less than satisfactory.

Non-Evaluative Symbols

The California Online Community College District Board of Trustees has authorized the use of the non-evaluative symbols of "SP," "I," "W," and "MW" defined as follows:

Satisfactory Progress (SP)

The SP designation shows that students are progressing and have acquired some of the skills and knowledge needed to achieve course outcomes but still have work to do. The SP designation is therefore a reflection of student progress and success.

Incomplete (I)

This temporary grade is assigned to a course if a student cannot demonstrate satisfactory progress due to extenuating circumstances.

1. The student must satisfy an assigned “I” grade within the next 6 months.
2. An incomplete course for which satisfactory progress is not demonstrated by the end of 6 months will result in an “NP” grade.

Withdrawal (W)

Students may withdraw from their program pathway by completing a withdraw form. A “W” will be posted to the academic record for withdrawals that occur after 61 days. 61 days is based on the date of enrollment. Students must re-enroll if they receive a “W.”

Military Withdrawal (MW)

Military Withdrawal occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses.

Administrative Drop (AD)

A student may be administratively dropped for the lack of academic engagement.

Requirements for Calbright College Program Pathways Certificates of Competency

Students may be awarded a Calbright College Noncredit Certificate of Competency upon successful completion of College and Career Essential Skills and an area of study (such as Medical Coding for Professional Services, Introduction to Information Technology Support, or Introduction to Cybersecurity).

Repeatability

Noncredit courses are repeatable. Students are also allowed to repeat a course without petition when repetition is necessary to enable the student to meet a legally mandated training requirement as a condition of volunteer or continued paid employment.

Students may petition to repeat a course as a result of a significant change in industry or licensure standards such that repetition of the course is necessary for the student’s employment or licensure. Students can repeat such courses any number of times.

Nondiscrimination and Complaints of Discrimination

Informal charges of unlawful discrimination should be brought to the attention of the responsible officer. The responsible officer shall oversee the informal resolution process. The actual investigation of complaints may be assigned to other staff or to outside persons or organizations under contract. An outside investigator must be used when the responsible officer is named in the complaint or implicated by the allegations in the complaint.

When a person brings charges of unlawful discrimination the responsible officer must:

- Undertake efforts to resolve the charge informally;
- Advise the complainant that he/she need not participate in an informal resolution of the complaint;
- Notify the complainant of the procedures for filing a formal complaint;
- Notify the complainant that he/she may file a complaint with the Office of Civil Rights of the U.S. Department of Education.

If the complainant, an adult student or an employee files a formal complaint, the responsible officer must also forward a copy of the complaint to the College President/CEO’s Office.

A formal complaint alleging discrimination in employment must be filed within 180 days of the date of the alleged unlawful discrimination, unless the complainant first obtained knowledge of the facts of the alleged violation after the expiration of the initial 180 days.

The complaint must be filed by someone who alleges that he/she has personally suffered unlawful discrimination, or by someone who has learned about unlawful discrimination in his/her official capacity.

When a proper complaint is received, Calbright will begin an impartial fact-finding investigation, and notify the complainant that it is doing so.

When the investigation is done, the results must be set forth in a written report. The written report must include a description of the circumstances giving rise to the complaint, a summary of the testimony of each witness, an analysis of any relevant data or other evidence collected during the investigation, a specific finding as to whether discrimination did or did not occur with respect to each allegation in the complaint, and any other appropriate information.

In any case that does not involve employment discrimination, Calbright must provide the complainant with a copy or summary of the investigative report within 90 days from the date Calbright received the complaint. The complainant must also be provided with a written notice setting forth the determination of the Equity Officer as to whether discrimination did or did not occur with respect to each allegation in the complaint; a description of action taken, if any, to prevent similar problems from occurring in the future; the proposed resolution of the complaint; and notice of the complainant's right to appeal to Calbright's Board of Trustees.

If the complainant is not satisfied with the results of the administrative determination, the complainant must be given the opportunity to submit a written appeal to the Board of Trustees within fifteen days from the date of the notice of the administrative determination. The Board must review the original complaint, the investigative report, the administrative determination, and the appeal and must issue a final decision within forty-five days of receiving the appeal.

In any case not involving employment discrimination, the complainant must be notified of his/her right to appeal. In any case involving employment discrimination, a copy of the final decision must be promptly forwarded to the complainant. The complainant

must be notified of his/her right to file a complaint with the Department of Fair Employment and Housing.

Where the Board does not act within forty-five days the administrative determination must be deemed approved and must become the final decision. Calbright shall promptly notify the complainant and in cases not involving employment discrimination, that the Board took no action and the administrative determination becomes the final decision. In cases not involving employment discrimination, the complainant must be informed of his/her right to appeal Calbright's decision to the California Community Colleges Chancellor's Office. In cases involving employment discrimination, the complainant shall be notified of his/her right to file a complaint with the Department of Fair Employment and Housing.

Prohibition of Harassment

Calbright is committed to providing an academic and work environment free of unlawful harassment. This procedure defines sexual harassment and other forms of harassment, and sets forth a procedure for the investigation and resolution of complaints of harassment by or against any staff, instructional staff member, or adult student within Calbright.

This procedure and the related policy protects enrolled students, visitors online or in person at a Calbright office or facility, employees, unpaid interns, and volunteers in connection with all the academic, educational, extracurricular, and other programs of Calbright, whether those programs take place in Calbright's facilities, via an online program or support mechanism, or at a class or training program sponsored by Calbright online or in person.

Definitions

General Harassment – Harassment based on race, religion, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, gender, gender identity, gender expression, age, sexual orientation of any person, military and veteran status, or the perception that a person has one or more of these characteristics is illegal and violates Calbright policy. Harassment shall be found where, in aggregate, the incidents are sufficiently pervasive, persistent, or severe that a reasonable person with the same characteristics as the victim of the harassing conduct would be adversely affected to a degree that interferes with their ability to participate in or to realize the intended benefits of an institutional activity, employment, or resource.

Gender-based harassment does not necessarily involve conduct that is sexual. Any hostile or offensive conduct based on gender can constitute prohibited harassment if it meets the definition above. For example, repeated derisive comments about a person's competency to do the job, when based on that person's gender, could constitute gender-based harassment. Harassment comes in many forms, including but not limited to the following conduct that could, depending on the circumstances, meet the definition above, or could contribute to a set of circumstances that meets the definition:

Verbal – Inappropriate or offensive remarks, slurs, jokes or innuendoes based on a person's race, gender, sexual orientation, or other protected status. This may include, but is not limited to, inappropriate comments regarding an individual's body, physical appearance, attire, sexual prowess, marital status or sexual orientation; unwelcome flirting or propositions; demands for sexual favors; verbal abuse, threats or intimidation; or sexist, patronizing or ridiculing statements that convey derogatory attitudes based on gender, race, nationality, sexual orientation or other protected status.

Physical – Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, patting, lingering or intimate touches, grabbing, pinching, leering, staring, unnecessarily brushing against or blocking another person, whistling or sexual gestures. It also includes any physical assault or intimidation directed at an individual due to that person's gender, race, national origin, sexual orientation or other protected status. Physical sexual harassment includes acts of sexual violence, such as rape, sexual assault, sexual battery, and sexual coercion. Sexual violence refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent due to the victim's use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability.

Visual or Written – The display or circulation of visual or written material that degrades an individual or group based on gender, race, nationality, sexual orientation, or other protected status. This may include, but is not limited to, posters, cartoons, drawings, graffiti, reading materials, computer graphics, or electronic media transmissions.

Environmental – A hostile academic or work environment exists where it is permeated by sexual innuendo; insults or abusive comments directed at an individual or group based on gender, race, nationality, sexual orientation or other protected status; or gratuitous comments regarding gender, race, sexual orientation, or other protected status that are not relevant to the subject matter of the class or activities on the job. A hostile environment can arise from an unwarranted focus on sexual topics or sexually suggestive statements in the classroom or work environment. It can also be created by an unwarranted focus on, or stereotyping of, particular racial or ethnic groups, sexual orientations, genders or other protected statuses. An environment may also be hostile toward anyone who merely witnesses unlawful harassment in their immediate surroundings, although the conduct is directed at others. The determination of whether an environment is hostile is based on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the conduct, whether the conduct is humiliating or physically threatening, and whether the conduct unreasonably interferes with an individual's learning or work.

Sexual Harassment – In addition to the above, sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature made by someone from, or in, the work or educational setting when:

- Submission to the conduct is explicitly or implicitly made a term or condition of an individual's employment, academic status, progress, internship or volunteer activity;
- Submission to, or rejection of, the conduct by the individual is used as a basis of employment or academic decisions affecting the individual;
- The conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile or offensive work or educational environment (as more fully described below); or
- Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the community college.

This definition encompasses two kinds of sexual harassment:

- "Quid pro quo" sexual harassment occurs when a person in a position of authority makes educational or employment benefits conditional upon an individual's willingness to engage in or tolerate unwanted sexual conduct.
- "Hostile environment" sexual harassment occurs when unwelcome conduct based on a person's sex is sufficiently severe or pervasive so as to alter the conditions of an individual's learning or work environment, unreasonably interfere with an individual's academic or work performance, or create an intimidating, hostile, or abusive learning or work environment. The victim must subjectively perceive the environment as hostile, and the harassment must be such that a reasonable person of the same gender would perceive the environment as hostile. A single or isolated incident of sexual harassment may be sufficient to create a hostile environment if it is severe, i.e. a sexual assault.

Sexually harassing conduct can occur between people of the same or different genders. The standard for determining whether conduct constitutes sexual harassment is whether a reasonable person of the same gender as the victim would perceive the conduct as harassment based on sex.

Complaints of Harassment from any adult student, employee, or third party who believes that they have been discriminated against or harassed by any adult student, employee, or third party or who believes another has been the victim of discrimination or harassment in violation of Calbright's policy should immediately report such incidents by following the procedures described in AP 3435 Discrimination and Harassment Investigations.

Consensual Relationships: Romantic or sexual relationships between supervisors and employees, or between administrators, instructional staff or staff members and adult students are discouraged. It is the policy of Calbright that no employee should enter into a consensual relationship with an adult student actually under that employee's authority and that no employee should participate in the supervision, hiring committee, evaluation or decision pertaining to promotion for someone with whom that person has or has had a consensual relationship. There is an inherent imbalance of power and potential for exploitation in such relationships.

A conflict of interest may arise if the administrator, instructional staff or student success staff member must evaluate the adult student's or employee's work or make decisions affecting the employee or adult student. The relationship may create an appearance of impropriety and lead to charges of favoritism by other adult students or employees. A consensual sexual relationship may change, with the result that sexual conduct that was once welcome becomes unwelcome and harassing. In the

event that such relationships do occur, Calbright has the authority to transfer any involved employee to eliminate or attenuate the supervisory authority of one over the other, or of a teacher over an adult student. Such action by Calbright is a proactive and preventive measure to avoid possible charges of harassment and does not constitute discipline against any affected employee.

Intellectual Freedom – No provision contained here shall be interpreted to prohibit conduct that is legitimately related to the course content, teaching methods, scholarship, or public commentary of an individual Instructional or Success Team member or the educational, political, artistic, or literary expression of enrolled students in classrooms and public forums. Freedom of speech and intellectual freedom are, however, not limitless and this procedure will not protect speech or expressive conduct that violates federal or California anti-discrimination laws.

Online Education

Calbright College provides access to education through the use of technology beyond the traditional patterns of campus-based education and programs. Courses are offered completely online. Courses are developed by the same qualified instructors and follow the same curriculum and standards as classroom-based courses. Online learning provides flexibility in scheduling and is especially helpful to self-directed students. It is recommended that students be comfortable with computers, particularly the internet, before taking an online course.

Regular Effective Contact Policy (“regular effective contact”) describes the minimum frequency of quality instructor-student interaction in a distance education class. “Quality interaction” between instructor and students is regular communication between the two parties. As in a face-to-face course, the instructor must be able to initiate and participate in discussions or the equivalent in an online environment via a variety of modalities in the district-provided Learning Management System (LMS). The instructor must regularly monitor and moderate any student activities in the online classroom in which students interact with each other. The instructor must be available to answer students’ questions about both the material and the course itself in an efficient and timely manner. The instructor must also provide regular and timely feedback on, and assessment of, student work; for example, the instructor should respond to student emails within the instructor’s stated availability contained in the syllabus; the instructor should provide feedback and/or evaluations on assignments within a week and/or within the instructor’s stated availability contained in the syllabus. In the context of an online course, the instructor must spend approximately as much time on these interactions as would be spent for a face-to-face course.

The modes that the instructional staff can use to create regular effective contact are almost limitless but should be easily accessible for the student and, when in question, verifiable. Use of the district provided LMS provides both accessibility and verifiability.

The district provided LMS and synchronous technologies includes: online chat (scheduled or unscheduled), telephone contact, video conferencing, virtual field trips, virtual meetings, or online presentation platforms such as ConferZoom; asynchronous technologies including email and other correspondence, discussion forums or boards, class announcements via the LMS homepage, websites, blogs, podcasts, voicemail, SMS/text messaging, or e-lectures. Neither of these lists is exhaustive, as there are always new learning technologies available online at any given time. Any accessible medium (in compliance with Section 508 of the Americans with Disabilities Act and the CCCCO Distance Learning Access Guidelines) is acceptable for facilitating regular effective contact.

Online Support Services

Calbright College will utilize and develop comprehensive, specialized student supports that are technology-enabled for scale and focused on the student experience, including, but not limited to, pathway navigation, online tutoring, online mentoring, and online help desk support. These supports, as well as the instructional delivery, shall be made available during nontraditional working hours to promote student success.

- Online support for *pathway navigation* assists students through the onboarding and orientation process.
- Online support for *tutoring* provides students with access to tutoring through the California Virtual Campus - Online Education Initiative's (CVC-OEI) existing social and technological infrastructure for students, instructors, and administrators.
- Online support for *mentoring* provides students with access to an ADA- and FERPA-compliant software platform that creates the in-office experience for off-campus students. This leverages existing social and technological infrastructure provided by the Online Education Initiative (CVC-OEI) for students, instructors, and administrators.
- Online support for *technology* is offered in the form of a help desk service made available to students.

Verification of Student Identity

Consistent with federal regulations pertaining (e.g. federal financial aid eligibility) the California Online Community College District must authenticate or verify that the student who registers in an online course or correspondence education course is the same student who participates in and completes the course or program and receives the academic credit. The District will provide to each student at the time of enrollment a statement of the process in place to protect student privacy and estimated additional student charges associated with verification of student identity if any.

The Chief Learning Officer shall ensure the institution utilizes one or more of these methods to authenticate or verify student identity:

- Secure login and password to enable authenticated access to student information and course management system.
- Proctored examinations.
- New or other technologies and practices that are effective in verifying student identification.

The College President/CEO or designee shall appoint the hearing panel from the names on these lists. However, no administrator, faculty member, or student who has any personal involvement in the matter to be decided, who is a necessary witness, or who could not otherwise act in a neutral manner, shall serve on a hearing panel.

Hearing Panel Chair – The College President/CEO shall appoint one member of the panel to serve as the chair. The decision of the hearing panel chair shall be final on all matters relating to the conduct of the hearing unless there is a vote by both other members of the panel to the contrary.

Conduct of the Hearing - The members of the hearing panel shall be provided with a copy of the accusation against the student and any written response provided by the student before the hearing begins.

The facts supporting the accusation shall be presented by a college representative who shall be a Student Success Administrator..

The college representative and the student may call witnesses and introduce oral and written testimony relevant to the issues of the matter.

Formal rules of evidence shall not apply. Any relevant evidence shall be admitted.

Unless the hearing panel determines to proceed otherwise, the college representative and the student shall each be permitted to make an opening statement. Thereafter, the college representative shall make the first presentation, followed by the student. The college representative may present rebuttal evidence after the student completes his/her evidence. The burden shall be on the college representative to prove by the preponderance of the evidence that the facts alleged are true.

The student may represent himself/herself, and may also have the right to be represented by a person of his/her choice. Except that the student shall not be represented by an attorney unless, in the judgment of the hearing panel, complex legal issues are involved. If the student wishes to be represented by an attorney, a request must be presented not less than five days prior to the date of the hearing. If the student is permitted to be represented by an attorney, the college representative may request legal assistance. The hearing panel may also request legal assistance; any legal

advisor provided to the panel may sit with it in an advisory capacity to provide legal counsel but shall not be a member of the panel nor vote with it.

Hearings shall be closed and confidential unless the student requests that it be open to the public. Any such request must be made no less than 20 days prior to the date of the hearing.

In a closed hearing, witnesses shall not be present at the hearing when not testifying, unless all parties and the panel agree to the contrary.

The hearing shall be recorded via zoom by the District. The official recording shall be the only recording made. No witness who refuses to be recorded may be permitted to give testimony. In the event the recording is by zoom video, the hearing panel chair shall, at the beginning of the hearing, ask each person present to identify themselves by name, and thereafter shall ask witnesses to identify themselves by name. Zoom recording shall remain in the custody of the District at all times, unless released to a professional transcribing service. The student may request a copy of the zoom recording.

All testimony shall be taken under oath; the oath shall be administered by the hearing panel chair. Written statements of witnesses under penalty of perjury shall not be used unless the witness is unavailable to testify. A witness who refuses to be tape recorded is not unavailable.

Within 5 days following the close of the hearing, the hearing panel shall prepare and send to the College President a written decision. The decision shall include specific factual findings regarding the accusation, and shall include specific conclusions regarding whether any specific section of the Standards of student Conduct were violated. The decision shall also include a specific recommendation regarding the disciplinary action to be imposed, if any. The decision shall be based only on the record of the hearing, and not on matter outside of that record. The record consists of the original accusation, the written response, if any, of the student, and the oral and written evidence produced at the hearing.

College President's Decision

Long-term suspension – Within 3 days following receipt of the hearing panel's recommended decision, the College President/CEO or designee shall render a final written decision. The College President/CEO or designee may accept, modify, or reject the findings, decisions and recommendations of the hearing panel. If the College President/CEO or designee modifies, or rejects the hearing panel's decision, the College President or designee shall review the record of the hearing, and shall prepare a new written decision which contains specific factual findings and conclusions. The decision of the College President/CEO or designee shall be final.

If the College President or designee modifies, or rejects the hearing panel's decision, he/she shall review the record of the hearing, and shall prepare a new written decision which contains specific factual findings and conclusions. The College President/CEO or designee decision shall be forwarded to the Board of Trustees.

Board of Trustees Decision: The Board of Trustees shall consider any recommendation from the College President/ CEO or designee for expulsion at the next regularly scheduled meeting of the Board after receipt of the recommended decision.

The Board shall consider an expulsion recommendation in closed session, unless the student has requested that the matter be considered in a public meeting in accordance with these procedures. (Education Code Section 72122.)

The student shall be notified in writing, by registered or certified mail to the last address on file with the District, or by personal service, at least three days prior to the meeting, of the date, time, and place of the Board's meeting.

The student may, within forty-eight hours after receipt of the notice, request that the hearing be held as a public meeting.

Even if a student has requested that the Board consider an expulsion recommendation in a public meeting, the Board will hold any discussion that might be in conflict with the right to privacy of any students other than the student requesting the public meeting in closed session.

The Board may accept, modify, or reject the findings, decisions and recommendations of the College President/CEO or designee or the hearing panel. If the Board modifies or rejects the decision, the Board shall review the record of the hearing, and shall prepare a new written decision which contains specific factual findings and conclusions. The final action of the Board on the expulsion shall be taken at a public meeting, and the result of the action shall be a public record of the District.

Immediate Interim Suspension (Education Code Section 66017): The College President/CEO or designee may order immediate suspension of a student where he/she concludes that immediate suspension is required to protect lives or property and to ensure the maintenance of order. The instructor shall immediately report the removal to the College President/CEO or designee and the Chief Learning Officer. The College President/CEO or designee shall arrange for a conference between the student and the instructor regarding the removal. If the instructor or the student requests, the Chief Learning Officer shall attend the conference. The student shall not be returned to the class or course during the period of the removal without the concurrence of the instructor. Nothing herein will prevent the Chief Learning Officer from recommending further disciplinary procedures in accordance with these procedures based on the facts which led to the removal.

Withdrawal of Consent to Remain on virtual online campus: The Senior Vice-President of Student Services may notify any person for whom there is a reasonable belief that the person has willfully disrupted the orderly operation of the campus that consent to remain on campus has been withdrawn. If the person is on campus at the time, he/she must promptly leave or be disconnected from the virtual learning environment. If consent is withdrawn by the College President/CEO or designee a written report must be promptly made to the Senior Vice-President of Student Services.

The person from whom consent has been withdrawn may submit a written request for a hearing on the withdrawal within the period of the withdrawal. The request shall be granted no later than seven days from the date of receipt of the request. The hearing will be conducted in accordance with the provisions of this procedure relating to interim suspensions.

In no case shall consent be withdrawn for longer than no more than 14 days from the date upon which consent was initially withdrawn.

Any person as to whom consent to remain on campus has been withdrawn who knowingly reenters the campus during the period in which consent has been withdrawn, except to come for a meeting or hearing, is subject to arrest (Penal Code Section 626.4).

Time Limits: Any times specified in these procedures may be shortened or lengthened if there is mutual concurrence by all parties.

Student Rights and Grievances

The purpose of this procedure is to provide a prompt and equitable means of resolving student grievances. These procedures shall be available to any student who reasonably believes a college decision or action has adversely affected his/her status,

rights or privileges as a student. The procedures shall also include, but not be limited to, grievances regarding:

- Sex discrimination in education programs and activities as prohibited by Title IX of the Higher Education Amendments of 1972 (see AP 3435 Discrimination and Harassments Complaints and Investigations BP5520 for sexual misconduct complaints under Title IX);
- Course grades, to the extent permitted by Education Code Section 76224 subdivision (a), which provides: "When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student's grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final." "Mistake" may include, but is not limited to errors made by an instructor in calculating a student's grade and clerical errors;
- The exercise of rights of free expression protected by state and federal constitutions and Education Code Section 76120.

This procedure does not apply to:

- student disciplinary actions, which are covered under separate policies and procedures.

Definitions

Party – The student or any persons claimed to have been responsible for the student's alleged grievance, together with their representatives. "Party" shall not include the Grievance Hearing Committee or the College Grievance Officer.

College President/CEO– The College President/CEO or a designated representative of the College President.

Student – A currently enrolled student, a person who has filed an application for admission to the college, or a former student. A grievance by an applicant shall be limited to a complaint regarding denial of admission. Former students shall be limited to grievances relating to course grades to the extent permitted by Education Code Section 76224 subdivision (a).

Respondent – Any person claimed by a grievant to be responsible for the alleged grievance.

Day – Unless otherwise provided, day shall mean a day during which the college is in session and regular classes are held, excluding Saturdays and Sundays.

Informal Resolution – Each student who has a grievance shall make a reasonable effort to resolve the matter on an informal basis prior to requesting a grievance hearing, and shall attempt to solve the problem with the person with whom the student has the grievance, that person's immediate supervisor, or the local college administration.

The College President/CEO shall appoint an employee who shall assist students in seeking resolution by informal means. This person shall be called the Grievance Officer. The Grievance Officer and the student may also seek the assistance of the Associated student Organization in attempting to resolve the grievance informally.

Informal meetings and discussions between persons directly involved in a grievance are essential at the outset of a dispute and should be encouraged at all stages. An equitable solution should be sought before persons directly involved in the case have stated official or public positions that might tend to polarize the dispute and render a solution more difficult. At no time shall any of the persons directly or indirectly involved in the case use the fact of such informal discussion, the fact that a grievance has been filed, or the character of the informal discussion for the purpose of strengthening the case for or against persons directly involved in the dispute or for any purpose other than the settlement of the grievance.

Any student who believes he/she has a grievance shall file a Statement of Grievance with the Grievance Officer within 10 days of the incident on which the grievance is based, or 20 days after the student learns of the basis for the grievance, whichever is later. The Statement of Grievance must be filed whether or not the student has already initiated efforts at informal resolution, if the student wishes the grievance to become official. Within two days following receipt of the Statement of Grievance Form, the Grievance Officer shall advise the student of his/her rights and responsibilities under these procedures, and assist the student, if necessary, in the final preparation of the Statement of Grievance form.

If at the end of 20 days following the student's first meeting with the Grievance Officer, there is no informal resolution of the complaint which is satisfactory to the student, the student shall have the right to request a grievance hearing.

Grievance Hearing Committee

The College President/CEO or designee shall at the beginning of each term, including any summer session, establish a standing panel of 6 members of the college community, including 2 students, 2 faculty members and 2 administrators, from which one or more Grievance Hearing Committees may be appointed. A Grievance Hearing Committee shall be constituted in accordance with the following:

- It shall include 2 students, 2 instructors, and 2 college administrators selected from the panel described above.
- No person shall serve as a member of a Grievance Hearing Committee if that person has been personally involved in any matter giving rise to the grievance, has made any statement on the matters at issue, or could otherwise not act in a neutral manner. Any party to the grievance may challenge for cause any member of the hearing committee prior to the beginning of the hearing by addressing a challenge to the College President/CEO who shall determine whether cause for disqualification has been shown. If the College President/CEO feels that sufficient grounds for removal of a member of the committee has been presented, the College President/CEO shall remove the challenged member or members and substitute a member or members from the panel described above. This determination is subject to appeal as defined below.
- The Grievance Officer shall sit with the Grievance Hearing Committee but shall not serve as a member nor vote. The Grievance Officer shall coordinate all scheduling of hearings, shall serve to assist all parties and the Hearing Committee to facilitate a full, fair and efficient resolution of the grievance, and shall avoid an adversary role.

Hearing Procedure

The decision of the Grievance Hearing Committee chair shall be final on all matters relating to the conduct of the hearing unless there is a vote of a majority of the other members of the panel to the contrary.

The members of the Grievance Hearing Committee shall be provided with a copy of the grievance and any written response provided by the respondent before the hearing begins.

Each party to the grievance may call witnesses and introduce oral and written testimony relevant to the issues of the matter.

Formal rules of evidence shall not apply. Any relevant evidence shall be admitted.

Unless the Grievance Hearing Committee determines to proceed otherwise, each party to the grievance shall be permitted to make an opening statement. Thereafter, the grievant or grievants shall make the first presentation, followed by the respondent or respondents. The grievant(s) may present rebuttal evidence after the respondent(s)' evidence. The burden shall be on the grievant or grievants to prove by substantial evidence that the facts alleged are true and that a grievance has been established as specified above.

Each party to the grievance may represent himself/herself, and may also have the right to be represented by a person of his/her choice; except that a party shall not be represented by an attorney unless, in the judgment of the Grievance Hearing Committee, complex legal issues are involved. If a party wishes to be represented by an attorney, a request must be presented not less than 20 days prior to the date of the hearing. If one party is permitted to be represented by an attorney, any other party shall have the right to be represented by an attorney. The hearing committee may also request legal assistance through the College President. Any legal advisor provided to the hearing committee may sit with it in an advisory capacity to provide legal counsel but shall not be a member of the panel nor vote with it.

Hearings shall be closed and confidential unless all parties request that it be open to the public. Any such request must be made no less than 20 days prior to the date of the hearing.

In a closed hearing, witnesses shall not be present at the hearing when not testifying, unless all parties and the committee agree to the contrary.

The hearing shall be recorded by the Grievance Officer either by tape recording or stenographic recording, and shall be the only recording made. No witness who refuses to be recorded may be permitted to give testimony. In the event the recording is by tape recording, the Grievance Hearing Committee Chair shall, at the beginning of the hearing, ask each person present to identify themselves by name, and thereafter shall ask witnesses to identify themselves by name. The tape recording shall remain in the custody of the District, either at the college or the District office, at all times, unless released to a professional transcribing service. Any party may request a copy of the tape recording.

All testimony shall be taken under oath; the oath shall be administered by the Grievance Hearing Committee Chair. Written statements of witnesses under penalty of perjury shall not be used unless the witness is unavailable to testify. A witness who refuses to be tape recorded shall be considered to be unavailable.

Within 5 days following the close of the hearing, the Grievance Hearing Committee shall prepare and send to the College President/CEO a written decision. The decision shall include specific factual findings regarding the grievance, and shall include specific conclusions regarding whether a grievance has been established as defined above. The decision shall also include a specific recommendation regarding the relief to be afforded the grievant, if any. The decision shall be based only on the record of the hearing, and not on matter outside of that record. The record consists of the original grievance, any written response, and the oral and written evidence produced at the hearing.

College President's Decision: Within 20 days following receipt of the Grievance Hearing Committee's decision and recommendation(s), the College President shall send to all parties his/her written decision, together with the Hearing Committee's decision and recommendations. The College President/CEO may accept or reject the findings, decisions and recommendations of the Hearing Committee. The factual findings of the Hearing Committee shall be accorded great weight; and if the College President/CEO or designee does not accept the decision or a finding or recommendation of the Hearing Committee, the College President/CEO or designee shall review the record of the hearing, and shall prepare a written decision which contains specific factual findings and conclusions. The decision of the College President/CEO shall be final, subject only to appeal as provided below.

Appeal: Any appeal relating to a Grievance Hearing Committee decision that the Statement of Grievance does not present a grievance as defined in these procedures shall be made in writing to the College President within 20 days of that decision. The College President/CEO shall review the Statement of Grievance and Request for Grievance Hearing in accordance with the requirements for a grievance provided in these procedures, but shall not consider any other matters. The College President/CEO's decision whether or not to grant a grievance hearing shall be final and not subject to further appeal.

Calbright shall establish a process to ensure it is evaluating the academic progress of students, and providing appropriate student services. These services include, but are not limited to, academic or progress probation interventions, academic early alert systems, and referral to other support services.
